Advance-Nilfisk Parts - Imagine how long and tiresome it will really be to tidy up right after a party, with out help from machines. Not too long ago, the dust from carpets and upholstery had to be beat out of them by hand; cleaning cloths, brooms, and brushes were the top cleaning products back then.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Establishing the company in 1906, he began to produce motors in order to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's vision from the beginning was to own a worldwide business advertising goods internationally.

The Nilfisk C1 was an incredible breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by one person. This creation came in a time where many cleaning machines were huge and needed 4 or more operators, thus, the Nilfisk C1 changed everything and evolved the way we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines offer a brilliant solution to an existing crisis; things get filthy and need to be cleaned frequently, without a lot of effort.

Gradually but steadily, Nilfisk-Advance grew through the decades. In the nineteen eighties, this expansion actually happened the time the company became a part of the NKT Group. Their new owners' determination and focus made Nilfisk-Advance take a huge leap ahead within the trade, aiming to be among the leading international players in the market of professional cleaning machines. Nilfisk-Advance is presently located in every part of the globe due to gradually obtaining numerous smaller companies so as to expand their product portfolio and presence in new markets. They are proud to offer different cleaning solutions to suit each and every need.
