

Rockwell Parts

Rockwell Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for service, technology, delivery and quality. They believe in working in an atmosphere which supports the highest integrity with empowered collaboration, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of ecological safety and stewardship in how they do business. The business has put various programs in place in order to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whichever comments or questions, since they are happy to share and promote this policy with a greater understanding of their efforts. They are really dedicated to improving and preserving the natural world. AxleTech has an EHS program that not only protects the natural world but which even actively protects their neighbors and staff also.

AxleTech specializes in the designing and manufacture of planetary axles used for both commercial and military applications, which can comprise anything from construction equipment to airport ground support. They take great pride in being an innovative drive-train solutions provider as well. AxleTech particularly designs axles to meet specific application demands. They have over one thousand various axle specs within their present offering. With more than one hundred years of history and experience, AxleTech proudly supplies the most complete solution for whatever of your axle requirements. The business is well known in various military and commercial applications. They offer complete axle assemblies for aftermarket replacement needs, along with servicing axle requirements for OE production. Their high mobility ISAS have extra details that could be found in the "ISAS" product collection.
